

PRESS RELEASE

PLYMOUTH NH SEARS DEALER STORE TRANSFERS OWNERSHIP

Littleton, NH. CenterPoint Business Advisors, Inc. is pleased to announce the sale of the Sears Dealer Store on the Tenney Mountain Highway in Plymouth, NH.

Sears dealer stores have a long history of providing customers with reliable brand name products at the lowest prices and legendary service. Kenmore and Craftsman lead a store full of other brand names found on a vast array of products including appliances, lawn tractors, patio furniture, vacuum cleaners, and tools. Sears provides delivery and installation and promises to meet or beat any competitor's advertised price and guarantees satisfaction. For over 100 years, Sears has been synonymous with trust and quality.

Charlie and Linda Gorhan built and opened this store in 2000. They have successfully grown and operated the business for over 8 years. They have sold the business but will continue to own the real estate.

The business operation was purchased by Noel and Holly Cassiano, who opened the new Sears store on Route 3 in Tilton, NH less than one year ago. That store has been very successful and continues to grow. In purchasing the Plymouth store, Noel and Holly will capitalize on their success and be able to service a larger area of central New Hampshire. They see many synergies in having two stores in adjacent territories.

Noel is excited about his new venture. "Charlie and Linda have developed a great customer base and experienced employees. I look forward to expanding northward and continuing with my history of providing excellent customer service supported by the Sears brand"

O.J. Robinson of CenterPoint Business Advisors, Inc. in Franconia, NH represented Charlie and Linda Gorhan in this transfer.
